BOSTON STORE**Brandeis Spring Millinery**Have you seen the newest models
in the little sailor. Everyone who
sees them is simply charmed with
their beauty. The color schemes
were never so pretty. The Princess Lam-
belle hat, the Countess of Warwick shape
and the Merely Mary Ann are great
favorites.The Brandeis hat at \$5—represents
the smartest style, the most expensive
trimming and the best taste that can
be found in any hat that sells at a
moderate price. All the most favored
styles are in this group from the
simple but ultra swell suit
hat to the large and graceful
evening and reception hat.Exclusive models at \$10—Every woman
wants individuality in dress. Among our
hats at \$10 are scores of beauti-
ful becoming styles that are
exclusive and cannot be
duplicated.The little sailor leads in popularity—these hats are
simple, but extremely modish, and show unflinching
good taste—very pretty hats—

MANDATE OF HIGHER COURT IS GIVEN

Simply Orders Ruling of Judge
Munger Reversed, as Was Pre-
viously Stated, Without
Costs to Either Side.The mandate of the United States circuit
court of appeals for the Eighth judicial
district relative to the case in which the
United States is complainant and the
county of Thurston is respondent, was re-
ceived at the office of the United States
circuit court for the district of Nebraska
Monday morning. The mandate simply
orders the judgment of the lower court
reversed without costs to either party.
The suit is one wherein the county of
Thurston sought to tax about \$60,000 of the
winnings of the Omaha and Winnebago
Indians on deposit in the Security National
bank of Sioux City in the same manner
that other trust funds are taxed. The
United States, acting as guardian of the
Indians, the funds held in trust for the
Indians, the funds could not be taxed.The case was tried in the United States
court and a decision was given by Judge
Munger in favor of Thurston county
against which decision the United States
appealed to the circuit court of appeals.
It is the reversal of this decision which
has just been handed down. As the fullsyllabus of the opinion has not yet arrived
its technical nature is not yet ascertained.
It is thought by Judge Munger it may in-
volve a technical point as to the actual
citizenship of the Indians heirs to whom the
fund belongs.

Parents Were Allottees.

It is clear the parents of these heirs were
allottees of Indian lands, but it is not
shown their children were legally recog-
nized allottees, and such being the case,
these funds derived from the sale of the
lands belonging to or inherited by the non-
allottee children may still be regarded as a
guardianship fund and are thereby not
subject to taxation.Neither Thurston county nor the United
States pleaded the heirship of these In-
dians as qualified allottees and it is the
opinion of Judge Munger the case is sent
back to his court to determine this point.
This inference is partly substantiated by
a paragraph in the mandate, which says:
"It is further ordered that this cause is
hereby remanded to said circuit court with
direction to permit the defendants to an-
swer the bill and to take further proceed-
ings not inconsistent with the views ex-
pressed in the opinion of this court. It is
further ordered that a mandate in the
cause be issued to the said circuit court
ten days from and after March 31, 1906,
and that further proceedings be had in
such cause in conformity with the opinion
of this court, the appeal from the lower
court notwithstanding."**CLAIM FOR MISS HOFFMAN**Five Thousand Dollars Demanded for
Death of Young Woman on
Street Car.John Sautter has been appointed admin-
istrator of the estate of Miss Freda Hoff-
man, the young woman who was killed in
the South Omaha street car accident
March 12. The petition for the appoint-
ment of the administrator stated the es-
tate had a claim against the company for
\$5,000.Disfigured.

However, the appointment of government
steno-grapher does not go with this appointment
of steno-grapher, which joint positions were
held by Captain Allen, as the force of
gaugers is regarded as sufficient as it now
stands for the work of the distillery.**MILITARY**

AT NOT LESS THAN 25c, 50c and 80c, for the

too, get these prices for these TRIST
MADE GOODS. BUT we wish to dis-
tinguish between the two. We do not do so
FROM CHOICE, but because we cannot
get these goods for our stores unless we
sell them at the trade price. We fully
believe that this combination of fixed
prices is flagrantly in violation of the
anti-trust laws of the state of Nebraska,
and we have used every legitimate means
to get the county and state authorities to
enforce this law, but if they cannot do so
we certainly cannot be expected to do so.
We also sell a complete line of reliable

then think seriously of the situation in the Eleventh Ward. It is an open secret
out in the western part of the city that if any candidate, good or bad, living in the
east end of the "handie" or "pipe-stem" of the Eleventh Ward is nominated, the
Republicans out here will support the Democratic nominee, who is a resident of
Walnut Hill and a man of high standing, because the people, irrespective of party,
want resident councilmen in the Eleventh Ward proper. Four candidates, in-
cluding the Pontanelli indorse, reside in the east end of the "handie." We there-
fore urge you to carefully consider this phase of the situation and unite your sup-
port upon WILLIAM H. HATTEGOT, Republican Candidate for the Council,
who is a man of excellent character and reputation, progressive and well qualified for
the office, and who is by reason of his present residence in Walnut Hill, his long
residence in the western part of the city, and general popularity throughout the city,
best able to cope with the Democratic candidate.

Re-Elect

Harry B. ZimmanAt the close of the primary campaign Councilman Harry B. Zimman
asks for support for the same reasons upon which he has based his appeals
during the contest—on his record, his platform and a clearly established char-
acter for keeping his word.
Many lies and slanders will be circulated on primary day and just before.
It is the first time that the direct primary system has been used in local mun-
icipal politics. Councilman Zimman believes he has the great mass of voters
behind him. Will they vote for him and against the desires of the public ser-
vice corporations?**His Record**Introduced ordinance to acquire
waterworks six years ago.
Led council fight for equal taxa-
tion of corporations including a \$5-
000,000 assessment for the Pacific
Express company, which had hereto-
fore escaped taxation.
Helped to reduce electric lights
from \$114.50 to \$75.00 yearly, in-
cluding 2 per cent royalty on the gross
receipts of the business.
Opposed to exorbitant garbage con-
tracts.
Inaugurated reforms that made
special improvements taxes valid.
Led fight for lower price and forced
concessions from gas company.
Secured charter clause to prevent
contracts with corporations without
public notice.
Compelled reduction in telephone
rates.
Strived to obtain 25 street car tick-
ets for \$1.00 and universal transfer
system.
Assisted in getting municipal as-
phalt plant.
Opposed executive sessions and
stood up for the rights of the people
all the time.
Invariably voted to let the people
decide on granting or refusing fran-
chises, regardless of his own personal
views about the matter in question.
Insisted that street railway replace
paving removed and destroyed.
Introduced an ordinance requiring
company to reduce water rates.
Voted first, last and all the time in
aid of ex-City Attorney Wright and
City Attorney Breen's fight in the
great water hydrant rental case, in-
volving \$100,000, just now in the Fed-
eral court, all reports to the contrary
notwithstanding.**His Platform**To continue to keep faith with the
people.
To submit to voters all bona fide
applications for franchises.
To oppose the employment of un-
necessary persons by the city.
To do whatever possible to help
the water board acquire water works
system.
To oppose the extension of garbage
contracts and to favor collection and
disposal by the city.
To oppose gas lamp contracts in ex-
cess of \$20 per lamp per year and to
favor reduction in gas to consumers
to at least \$1 per 1,000 cubic feet.
To require inspections of electric
and gas meters.
To try to obtain 25 street car tickets
for \$1.00, and other concessions from
street railway company.
To favor under all circumstances re-
duction in telephone rates.
To require all corporations in
Omaha to make proper concessions to
their patrons.
To guard the city's best interests,
moral, intellectual and material.
To install electrical machinery in
connection with the water works, so
as to generate currents for street
lighting purposes.**What The Danish Pioneer Has To Say About Zimman.**Editorial of The Danish Pioneer, The Largest Danish Paper in
the United States.By the death of Mayor Moore Mr. H. B. Zimman, present President of the
City Council, has become the Mayor of Omaha. Mr. Zimman, who is a
candidate for the republican nomination for the Council from the Third
Ward, is a most pleasant and competent young man, who can heartily be
recommended to the republican voters. He enjoys the rather rare honor of
having all of the big corporations against him, and should from this very
fact, probably, be a man, who ought to be re-elected to the Council.**Select Your Gifts**For Easter, it is getting to be more and more the
proper thing to make some little gift at Easter time.
We are showing many handsome novelties, suitable for
this occasion.
